

Literacy and Technology Conference Wednesday, June 9th, 2021

This online conference provided resources, tools and advice for community agencies which run tutoring, reading and other online learning programs for school-age students (JK to Gr. 12) who live in under-resourced communities. At this conference, staff and interns from Frontier College and the Toronto Public Library shared “tried and tested” online resources, tools and advice. Frontier College and the Toronto Public Library collaborated to offer this free conference.

If you have any questions about these resources, send a message to:
information@frontiercollege.ca

Workshop 1: Online group program facilitation and implementation (Gr. 1 - 5)

Learn about running volunteer-supported online reading, educational activity, and other online group program models which reinforce literacy and numeracy development.

- [Workshop 1 recording](#)
- Workshop slidedeck: [Online children's group program facilitation](#)
- [Virtual Homework Club & Reading Buddies](#)
- [Virtual Elementary Educational Activity Club \(VEEAC\) Program Guide](#)
- [Online program planning sample](#)
- [Group Activity Facilitation](#) (video)
- [Strategies and best practices for Virtual 1 to 1 Tutoring](#)

Workshop 2: Online resources for early readers (JK - Gr. 2)

Learn about online programs and services for early readers through the Toronto Public Library and other sources.

- [Workshop 2 recording](#)
- [Workshop presentation slide deck](#)
